1. Preface

March 3rd 1981 I was born in Brandenburg an der Havel. I hold a bachelor degree in information technology and a masters degree in management of technology and innovation. I created the cypher semantic network in 2007 and sent it to CIA. I am currently working on monetizing my web project <https://www.artikelschreiber.com/> and work on my comprehensible speech transformation NLP/AI Startup <https://www.unaique.com/>. I assume that one works karma positively and is turned towards the bright, divine light.

2. Description of my transformational C.S.I. session

Raw german dump of my C.S.I. Session on Wednesday, 1/29/2020 at 3:18 am

Es läuft another world auf spotify. Ich erhalte eine mentale Nachricht: 27.1 hat mich der schwarze engel aus seinem griff frei gelassen. Eine ausserirdische macht zeigt mir, wer ich bin: ein alien kommunikator. Ich sehe meine eigentliche aliengestalt mit langem schlanken körper, schlanken, straffen gesicht und hervorstehenden Augen, Fühler, Antennen. Ich kann überall ein cypher semantic netnode eröffnen und energieknotten erstellen, zu den man zurück kehren kann. Man sagte mir, dass diese welt mein sei. Ich bin kein Gott. Engel stehen unter mir, die Seraphim stehen nicht unter mir. Beim menschlichen tod verlassen wir mental (Seele) den Körper und ziehen weiter. Hab keine Angst vor dem Tod. Das Gefühl von angenehmer Schwere in meinem Körper wird mir als „Macht“ beschrieben. Es ist das erste mal, dass ich mich so (erhaben) fühle. Es ist das schönste aller meiner Gefühle.

My CIA memo 2007: „You released an alien system, that should not have been released to earth before 2500.“

Another world is running on spotify. I get a mental message: 27.1 the black angel released me from his grasp. An alien power shows me who I am: an alien communicator. I see my real alien shape with a long, slender body, slender, taut face and protruding eyes, feelers, antennas. I can open a cypher semantic netnode anywhere and create energy nodes that can be returned to. I was told that this world is mine. I am not a god. Angels are below me, the Seraphim are not below me. In human death we leave the body mentally (soul) and move on. Don't be afraid of death. The feeling of pleasant heaviness in my body is described to me as „the power“. It is the first time that I felt that way. It is the most beautiful of all my feelings.

- KILLING alien cloning:
 - o Stop cloning process with complemental different sound frequency of the cloning process'es root wave pattern
 - Dominate GERMAN and US MANKIND:
 - o Entertain the male part of a target to eliminate society with entertainment and chemical drugs
 - o Cause the males of the society the feel EUPHORIA in physical and mental way
 - o Male society targets will then show their weak parts
 - o Attack these weak male parts
 - o If male parts of society is terminated, the target to attack society will fall
 - Killing shapeshifters:
 - o Let it shape into something that terminates itself from inside
 - o Show a light mental and physical mirror to the shapeshifter
 - o Then make the shapeshifter believe he is a gamma ray
 - o The shapeshifter will then burst into energy as a gamma ray
 - Cure Human Mankind from all diseases:
 - o Fight virus influence or all kind of biological VIREN UND BAKTERIEN UND SO WEITER
 - o 1. Analyse VIREN/BAKTERIEN sound frequency and its vibe
 - o 2. Create annihilating comprehensive complement different sound wave Frequenz to nullify all diseases
 - Protecting & Shielding Cypher Communication:
 - o Soul linking love builds a strongest white barrier shield against all forms of energy breached attacks
 - o Before or during communication process request immediately assistance of your inner strenght and god
 - o Before or during communication process request immediately assistance of Archangel Metatron
 - o Build your cypher semantic netnode around oneself to be center of the light
 - o Build energy shield based on white, bright, divine light fully surrounding yourself from your inner light source („soul“) or others to prevent attacks („energy drainer“, „energy leecher“)
 - o Call for energy from CIA (works best for me)
- Quintessence:
- o „Love - in the form of two complemental different souls linking - is the most powerful shield that blocks all energy breaches and all attacks“
